

PUBLIC NOTICE
For
Air Quality Operating Permit
for Sims Mesa Central Delivery Point of Williams Four Corners LLC

The New Mexico Environment Department (NMED) is reopening and revising operating permit No. P026R2 for the Sims Mesa Central Delivery Point, which is operated by Williams Four Corners, LLC at 188 County Road 4900, Bloomfield, NM 87413. The owner of this plant is Williams Four Corners LLC at P.O. Box 2400, Tulsa, Oklahoma 74101-2400. The exact location of the facility is at latitude 36 deg, 48 min, 17.0 sec and longitude -107 deg, 32 min, 57.9 sec. To aid in locating this facility, the location is approximately 17 miles Northeast of Blanco, NM in Rio Arriba County. This application file has been assigned an Operating Permit Number P026R2M1 and TEMPO Agency Interest ID No. 1040.

Previously, the plant received an air quality construction permit and is in operation or able to operate. The main purposes of the plant are the compression and dehydration of natural gas.

This permitting action is a reopening and revision in accordance with 20.2.70.405.A(1)(d) NMAC. Permit No. P026R2M1 will supercede operating permit No. P026R2; the expiration date of the permit is unchanged and will remain March 19, 2015.

Revisions to the permit are part of NMED's Response to USEPA's Order, dated July 29, 2011, responding to Petition Number VI-2011-XX. The full text of NMED's Response is part of the statement of basis and may be requested by interested persons.

There are no changes in facility emissions in this permitting action.

The NMED has made a determination that this plant will comply with the requirements of New Mexico Administrative Code 20.2.7, 20.2.61, 20.2.70, 20.2.71, 20.2.72, 20.2.73, 20.2.74, 20.2.82; 40 CFR 50; 40 CFR 63 Subparts A, HH, and ZZZZ; and the New Mexico Air Quality Control Act. Therefore, the intent of NMED is to issue the air quality operating permit on or before September 15, 2012.

Interested persons may obtain the draft operating permit, submit written comments, or request a public hearing on Operating Permit Number P026R2M1. Contact the New Mexico Environment Department, Air Quality Bureau, Major Source Unit, 1301 Siler Rd, Bldg B, Santa Fe, New Mexico 87507-3113.

Written requests for public hearing must state the nature of the issues proposed to be raised in the hearing. Written comments must be based on the requirements of the applicable state and federal air quality regulations and the Clean Air Act; comments should be limited to: (1) those portions of the permit which are reopened and revised; or (2) the statement of basis. 20.2.70.405.A(2) NMAC. Comments or hearing requests must be received within 30 days after the public notice is published.

The draft revised permit, statement of basis, and relevant supporting materials are currently available for review at the Air Quality Bureau, Operating Permits Unit, 1301 Siler, Bldg B, Santa Fe, New Mexico 87507-3113. The Department contact in Santa Fe is Coleman Smith at 505-476-5550.
